Winter Break

In a few days it will be time for winter break.

Created By Jackie Schuld, Iroquois County Autism Support Team
Winter break is a time when we do not come to school, we stay home and play with our family.

When it is winter break, school will be closed for 2 weeks.
During winter break some exciting things will happen, it will be Christmas and we might get to open presents.
In a few weeks winter break will be finished and we will come back to school.

After winter break we will see our teachers and friends at school again.
